Pinnacle Prevention  
3100 W. Ray Rd., Suite 201  
Chandler, AZ 85226

ATTN: Adrienne Udarbe

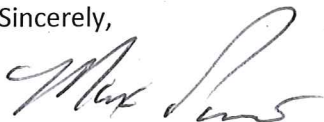

Dear Ms. Udarbe,

On behalf of the Maricopa County Department of Public Health, I would like to offer my congratulations on being selected as a recipient of the Maricopa County Climate and Health Champion Award in the organization category. I would also like to express our appreciation for Pinnacle Prevention's dedication to championing a sustainable, local, and equitable food system through the Double Up Food Bucks program, health assessments, training, and other important programming.

The Climate and Health Champion Awards were established recognize local youth, individuals, businesses, and organizations that are taking steps toward implementing sustainable solutions, ecofriendly practices, or policies aimed at improving health and/or health equity (by eliminating economic or social barriers to health) that are at risk of climate-sensitive hazards. Recognition of these positive efforts is meant to spread information about successful interventions and to build community awareness and knowledge.

Your work promoting sustainability, health equity, and environmentally-conscious practices makes Pinnacle Prevention well-deserving of this award. Congratulations, and thank you for your hard work and dedication to making Maricopa County a healthy and safe community.

Sincerely,

Max Porter  
Acting Director  
Maricopa County Department of Public Health
